Logan Baker, Project Manager  
Golden Rule Signs  
401 W. Main Street – Suite #2100  
Louisville, KY 40202

Dear Mr. Baker,

It is with great pleasure that I write this letter to explain how happy our school is with our Golden Rule LED sign. You and Courtney were with me every step of the way from producing a price quote, comparing competitors' quotes, designing artwork, producing & delivering the sign, and finding a local contractor to install the sign. While we were frustrated that you were unable to meet the original timeline promised for installation, the finished product has more than made up for that initial disappointment!

Our new LED sign is a focal point for students, staff, parents, community members, and visitors to enter our school campus. It is extremely easy for me to keep the messages up to date from my desk with the Smart LED Manager Pro software and mini-laptop that was provided with our sign. I have received numerous positive comments regarding both the technological and aesthetic upgrade your sign has made to our school facility!

I am happy to recommend products from Golden Rule Signs to other schools, churches, and community centers in our area. Your staff was a pleasure to work with and the product is a good value when compared "apples to apples" to other companies. Please feel free to have prospective clients in our area contact me for further information.

Sincerely,

Katy J. Hasson  
RHS Principal
